**June 17, 2010 \*\*\*Field Trip\*\*\***

### ***Qualified Envelope Diagnostics, Inc.***

This year's Chapter field trip is to Qualified Envelope Diagnostics, Inc. QED Labs provide nationwide ASTM field testing services and AAMA laboratory product certification. With all the changes to the Washington State Energy Code, this is a perfect opportunity to learn about performance testing on fenestration products and building enclosure systems. QED specializes in providing air infiltration, water penetration and structural testing for formal certification, forensic assessment, diagnostic evaluation, remedial clearance and trouble-shooting, and new construction quality assurance testing. This field trip will include a mock-up field and lab demonstration and includes a blower door test.

**Location: QED Labs  
13748 32<sup>nd</sup> Ave NE, Suite B  
Seattle WA 98125  
(Just off Lake City Way and 140<sup>th</sup>)**
